

Trade Up for Precision

Upgrade your laboratory with a new Eppendorf pipette

Are your pipettes no longer delivering the precision and accuracy that you need? After prolonged use, even the best tools can lose their reliability. Elevate your research with a brand new Eppendorf pipette, renowned for its exceptional performance and durability.

Trade-In Offer*

Upgrade your old pipette (no matter the brand) and take advantage of our exclusive trade-in offers. Enhance your laboratory's efficiency and ensure your experiments yield the most accurate results.

- > Attractive upgrade prices
- > Free disposal of old pipettes
- > Also available via participating distributor partner

Contact your distributor partner for a trade-in quote
